

## Goals for Children

- ***Kids saved*** – It is our prayer for all of our children, that they would come to know Jesus as their Lord and Savior through recognizing their sin, repenting, and believing that Jesus Christ is the only way to an everlasting life with God.
- ***Kids worship*** – As our children participate in Power Up and time in worship as a family, it is our prayer that they would experience and engage in genuine, selfless, and reverent worship of our Lord.
- ***Kids pray*** – Prayer is a way we develop our relationship with our Savior. It is our desire for our children to go to the Lord in prayer, daily, independently and as a family as they lift up their Adoration, Confessions, Thanksgivings, and Supplication (ACTS) to the Lord.
- ***Kids memorize*** – We must learn to commit the scriptures in or heart. It is our desire to have our children actively working at memorizing God’s Word.
- ***Kids learn from God’s Word*** – The Bible is where we get Truth. It is our desire that the children of Cornerstone read or are read to from God’s Word on a daily basis so they can learn the truth of God’s Word.
- ***Kids develop and own a biblical worldview*** – Our decisions and beliefs are molded by many different influences. It is our prayer that each of our children will stand firm in the truth of God’s Word as they are faced with the many temptations and unbiblical philosophies of this world.
- ***Kids led by parents through the help of the church*** – Everyone needs a spiritual leader or teacher. This is true even more so for our little ones. It is our philosophy here at Cornerstone that our parents are strongly encouraged to take their role as spiritual leaders seriously. We as a church are also held responsible for that very important role as we support and equip our parents to follow through each and every day with the most important role of their life – leading their children to Christ and keeping them there.
- ***Kids evangelize*** – It is our prayer for our children in Christ, to be lead by the Holy Sprit to share their faith with family, friends, and others they are in contact with. We are to encourage and teach them to share the Gospel with the lost.
- ***Kids serve*** – Even in their youth, children can have a huge role as servants of Christ. May they actively participate in family planned service projects and/or church related ministries as they too can be the hands and feet of our Lord.
- ***Kids give*** – As parents and spiritual leaders, we should teach our children the importance of giving, as an act of obedience as well as an expression of love and gratitude to our Lord and Savior.
